Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

Maryfield Medical Centre has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018.

You can see the model publication scheme on the Commissioner's website at www.itspublicknowledge.info/mps or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.

Constitution

General practitioners are registered with the General Medical Council and follow the standards and good medical practice guidelines laid down by the GMC, including the requirements set out in the GMC guidance *Duties of a Doctor* (http://www.gmc-uk.org/guidance/good_medical_practice/duties_of_a_doctor.asp). This practice is required to provide primary medical services to the standard laid down in our contract with the NHS board. This practice participates in the Quality and Outcomes Framework established under current General Medical Services contract (from 1 April 2004.) Funding under the QOF is dependent on achievement against a variety of clinical and non-clinical indicators. This practice aims to take account of NHS Quality and Improvement Scotland standards and

guidance, Scottish Intercollegiate Guidelines Network (SIGN) guidelines relevant to general practice, and Scottish Government Health Directorates service strategies and frameworks.

All practices are subject to a contract review conducted by their NHS board to ensure the practice is meeting the requirements of its contract.

Under our contract of services with the NHS Tayside we are obligated to meet the requirements of this contract and must provide information to support this to the NHS board. The practice is audited by Practitioners Services Division under Payment Verification processes which assess that payments made to practices are correct. PSD is responsible for providing assurance to NHS boards that the payments made on their behalf to GP practices are accurate and valid. The work conducted under Payment Verification includes patient registration checks, documentary checks, trend analysis, and practice visits.

General practitioners have a duty of care to their patients and are registered with the General Medical Council and follow the standards and good medical practice guidelines laid down by the GMC, including the requirements set out in the GMC guidance *Duties of a Doctor* (http://www.gmc-uk.org/guidance/good_medical_practice/duties_of_a_doctor.asp).

The clinicians meet with the Practice Nurses and Attached Staff on a weekly basis to discuss patient clinical care.

All information covered by our publication scheme can either be accessed through our website, or will be provided promptly following our receipt of your request.

Our aim in maintaining this publication scheme is to be as open as possible. You should note, however, that there may be circumstances where information will be withheld from one of the classes of information listed in *Section 14 – Classes of Information*. Information will only be withheld where permitted by FOISA.

Information may be withheld, for example, where its disclosure would breach the law of confidentiality or harm an organisation's commercial interests. Information may also be withheld if it is another person's personal information, and its release would breach data protection legislation.

Information would not be disclosed in the following examples:

- Requests for information relating to private income of practice partners or practice staff

Information provided in the publication scheme is considered reasonably obtainable.

Whenever information is withheld we will inform you of this, and will set out why it was not appropriate for that information to be disclosed. Even where information is withheld it may, in many cases, be possible to provide copies with the withheld information edited out.

In cases where the copyright is unclear, however, it is the responsibility of the person accessing the information to locate and seek the permission of the copyright holder before reproducing the material or in any other way breaching the rights of the copyright holder. Wherever possible, this scheme will indicate where we do not own the copyright on documents within *Section 14 – Classes of Information*.

Again, these rights are subject to certain exceptions or exemptions.

Should you wish to request a copy of any information that we hold that is not available under this scheme, please write to The Practice Manager, Maryfield Medical Centre, 28 Mains Loan, Dundee DD4 7AA.

Charges for information which is not available under the guide

The charges for information which is available under this guide are set out under Section 8 – Our Charging Policy. Fees for information that is not available under this guide are outlined in The Freedom of Information (Fees for Required Disclosure) (Scotland) Regulations 2004. If you submit a request to us for information which is not available under the Model Publication Scheme 2014 the charges will be based on the following calculations:

General information requests

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.
- We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. Charges may be made for locating, retrieving and providing information to you.
- In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information

We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released.

In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to the authority of providing the information.

- Photocopying is charged at 10p per A4 sheet for black and white copying, 30p per A4 sheet for colour copying.
- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

The first £100 worth of information will be provided to you without charge.

Where information costs between £100 and £600 to provide you will be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50 calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.

Where it would cost more than £600 to provide the information to you, however, we will ask you to pay the full cost of providing the information, with no waiver for any portion of the cost.

Requests for your own personal data

While you cannot request personal data under the FOISA you are entitled to request your own personal data under the DPA. Under the DPA you can request your personal information from Maryfield Medical Centre. We reserve the right to charge a maximum of £50 for requests for an individual's own personal information.

Section 14 – Classes of information

Our intention is to publish as much information as possible through our guide to information, where there is known to be public interest. However, exemptions under the Freedom of Information (Scotland) Act, 2002 may allow us to withhold some information, as indicated in *Section 7: Information that we may withhold*.

We publish information that we hold within the following classes:
